Resort Village of Candle Lake
Candle Lake Sk,
S0J 3E0

RECEIVED
MAY - 9 2016

Dear Mayor and Council,

In accordance with the Saskatchewan Planning and Development Act, and The Dedicated Lands Regulations, we are requesting that we be allowed temporary use of a small portion of municipal reserve adjacent to 28 Clearsand Drive, legally described at Lot 6, Block 2, Plan 78PA16721

On behalf of the homeowners, we have made an application for development permit, and will be apply for a building permit to improve the structures on that property. Our intent is to lift the existing approximately 8 x 8 meter building off the substandard surface footings, move the building to the rear of the lot, and construct a proper foundation. Once the foundation has been constructed and back filled, the building will be moved back on to the foundation and renovations completed.

The foundation construction period will be approximately 2 to 3 weeks, once completely backfilled. During that time about half of the building would be required to be on municipal reserve. This is consistent with past practices in the area, as it's exactly what the neighbor to the southeast did about 5 years ago. Our movers would make every effort to mitigate damage to the municipal reserve, and we understand we would have to restore it to original condition regardless.

We expect that this would happen in late July or sometime in August.

Thanks you in advance for considering our request
