

Spotlight on Parks & Rec Program: Badminton

We spoke with Glenda recently about the badminton program. She says it's a great way to spend a weekday evening, meet people or gather with friends and have a really good time! There have been anywhere from 4 – 14 people come out on any given night. There are always 2 courts set up and they always play “doubles”. This allows 8 people to play at one time, while the others get a chance to catch their breath, rest and cheer the others on.

FAQ

Q: Do I have to help set up or clean up?

A: No, although we'll always accept help, it is all volunteer. No clean up!

Q: How good do you have to be to come?

A: As Jerry Flegel's been know to say “The only qualification you need for badminton is that you once saw someone playing it in your neighbor's yard!”
