**EQUIPMENT RENTAL/CUSTOM WORK
RATE REQUEST**

The Resort Village of Candle Lake requests price quotes for equipment rental and custom work for the period June 1, 2010 to May 31, 2011.

If you are interested in supplying equipment and/or equipment and operators for the upcoming year, please complete and return the enclosed "Equipment Price List" by May 28, 2010.

The pricing is not tied to any particular project or job, but will be use on an "if and when" required basis for smaller projects. In the event that the Resort Village requires equipment and/or custom work, contractors will be contacted to supply the service, based on a best price and/or first available basis.
